CHINESE PEOPLE'S REPUBLIC

CHINESE PEOPLE'S REPUBLIC

CHINA (people's republic)

Starting as guerrillas in the war with Japan the communists became engaged in a civil war with the then prevailing Chinese Nationalist government. By 1949 they swept the Nationalists out of China proper and forced them to move their government to the Island of Formosa. The early communist issues were for local areas as they overran these regions and established their own postal administration. However, with entire continental China in their control in 1949-1950, these territorial issues were replaced by the new regime with general issues for all China.
